Moraceae	<i>Ficus austrocaledonica</i>				F	E												x																					x						x								
Asphodelaceae	<i>Dianella adenanthera</i>				FLM	A		x																												x																	
Rhamnaceae	<i>Alphitonia neocaledonica</i>			LC	FLM	E		x			x	x					x				x			x						x		x		x	x					x													
Thymelaeaceae	<i>Wikstroemia indica</i>				FLMN	A		x																											x	x					x												
Dilleniaceae	<i>Tetracera billardierei</i>			LC	FLN	E		x						x																						x																	
Lindsaeaceae	<i>Odontosoria deltoidea</i>				FM	A					x			x						x	x					x								x	x																		
Ericaceae	<i>Styphelia cymbulae</i>			LC	FM	A																												x			x	x															
Apocynaceae	<i>Alyxia tisserantii</i>				FM	E		x																													x																
Picrodendraceae	<i>Austrobuxus carunculatus</i>				FM	E		x			x																									x																	
Picrodendraceae	<i>Austrobuxus clusiaceus</i>			NT	FM	E							x																								x			x													
Ericaceae	<i>Dracophyllum ramosum</i>			LC	FM	E																								x				x	x			x															
Clusiaceae	<i>Garcinia sp.</i>				FM	E																															x																
Cunoniaceae	<i>Geissois pruinosa</i> var. <i>pruinosa</i>				FM	E										x																					x	x	x														
Casuarinaceae	<i>Gymnostoma deplancheanum</i>				FM	E																															x	x															
Rubiaceae	<i>Gynochthodes candollei</i>				FM	E															x																x																
Aquifoliaceae	<i>Ilex sebertii</i>				FM	E																															x																
Thymelaeaceae	<i>Lethedon sp.</i>				FM	E					x			x																							x																
Primulaceae	<i>Myrsine asymmetrica</i> subsp.				FM	E																		x												x																	
Lamiaceae	<i>Oxera ovata</i>			LC	FM	E		x																																													
Apocynaceae	<i>Parsonsia sp.</i>				FM	E											x																					x															
Phyllanthaceae	<i>Phyllanthus dzumacensis</i>				FM	E																															x	x															
Pittosporaceae	<i>Pittosporum loniceroides</i>			DD	FM	E																															x	x															
Proteaceae	<i>Stenocarpus umbelliferus</i>				FM	E																						x	x								x																
Ericaceae	<i>Styphelia pancheri</i>			LC	FM	E																															x																
Myrtaceae	<i>Tristaniopsis capitulata</i>			LC	FM	E								x										x													x																
Phyllanthaceae	<i>Cleistanthus stipitatus</i>				FM	G																		x																													
Myrtaceae	<i>Cloezia floribunda</i>			LC	FM	G		x												x		x		x		x			x		x						x																
Cunoniaceae	<i>Codia spatulata</i>			LC	FM	G								x		x			x	x	x	x					x		x		x					x	x			x													
Myodocarpaceae	<i>Myodocarpus fraxinifolius</i>				FM	G														x					x																												
Myodocarpaceae	<i>Myodocarpus involucratus</i>				FM	G														x																																	
Cunoniaceae	<i>Pancheria gatopensis</i>			LC	FM	G																																															
Araliaceae	<i>Polyscias scopoliae</i>			VU	FM	G																		x														x															
Salicaceae	<i>Homalium cf. deplanchei</i>				FML	E																																															
Loganiaceae	<i>Geniostoma cf. densiflorum</i>				FMN	E					x											x																															
Myrtaceae	<i>Syzygium multipetalum</i>			LC	FMR	E																																															
Cunoniaceae	<i>Pancheria elegans</i>			LC	FMR	G																																															
Cyperaceae	<i>Gahnia aspera</i>				LM	A		x						x																																							
Dennstaedtiaceae	<i>Pteridium esculentum</i>	Fougère aigle			LM	A					x				x	x				x		x		x				x	x	x	x	x	x	x	x		x			x													
Apocynaceae	<i>Rauvolfia semperflorens</i> var.				LM	E		x	x	x																												x															
Fabaceae	<i>Acacia spirorbis</i>	Gaiac			LMN	A		x	x	x	x	x	x	x	x	x	x		x	x		x		x														x															
Rutaceae	<i>Acronychia laevis</i>				LMN	A			x			x																																									
Sapindaceae	<i>Dodonaea viscosa</i>				LMN	A		x						x	x										x																												
Casuarinaceae	<i>Casuarina collina</i>	Bois de fer			LMRN	A		x	x		x	x	x	x	x	x	x	x	x	x	x	x	x	x		x	x	x																									
Nephrolepidaceae	<i>Nephrolepis cordifolia</i>				LN	A																																															
Dilleniaceae	<i>Hibbertia lucens</i>			LC	M	A					x									x	x	x						x	x	x	x						x	x															
Cyperaceae	<i>Fimbristylis sp.</i>				M	A/E																																															
Clusiaceae	<i>Montrouziera sphaeroidea</i>				M	E																																															
Malpighiaceae	<i>Acridocarpus austrocaledonicus</i>				M	E															x																																
Proteaceae	<i>Grevillea exul</i>				M	E					x	x			x																																						
Proteaceae	<i>Grevillea rubiginosa</i>				M	E																						x																									
Dilleniaceae	<i>Hibbertia vieillardii</i>			NT	M	E					x	x									x				x														x														
Phyllanthaceae	<i>Phyllanthus chrysanthus</i>				M	E																																															
Cyperaceae	<i>Schoenus neocaledonicus</i>				M	E
